

medical records have failed, despite billions spent. This is a significant contributing factor to many of the VA's problems.

Mr. Speaker, it is increasingly clear that the government is simply unable to procure IT products at a reasonable cost. With the Internet's growing role in nearly all commerce and communication, this is yet another reason to stop expanding the reach of the bureaucracy and return our government to its constitutionally defined limits.

RECOGNIZING THE EFFORTS OF LAUREN DABERKOW AND DAWSON PUBLIC POWER DISTRICT IN LEXINGTON, NEBRASKA

(Mr. SMITH of Nebraska asked and was given permission to address the House for 1 minute.)

Mr. SMITH of Nebraska. Mr. Speaker, I rise today to recognize the efforts of Lauren Daberkow, a retired mechanic at Dawson Public Power District in Lexington, Nebraska. For the third year in a row, Lauren traveled to Caracol, Haiti, as part of a rural electrification project through the National Rural Electric Cooperative Association.

Each year, Lauren transports the supplies necessary to service utility trucks, addresses maintenance concerns, and then offers hands-on training so local staff can address such issues in the future.

While only 13 percent of the people in Haiti have regular access to electricity, when this project is linked to other electrification efforts, approximately 20,000 customers over the next 3 years will have access to electricity. Electricity can improve the quality of life through access to vital services like health care, education, and clean water.

For this reason, I thank Mr. Daberkow and the National Rural Electric Cooperative Association for their efforts to electrify communities around the world.

REMEMBERING COLONEL JOE HART OF PEA RIDGE, ARKANSAS

(Mr. WOMACK asked and was given permission to address the House for 1 minute.)

Mr. WOMACK. Mr. Speaker, I rise today in remembrance of a member of the Greatest Generation—Colonel Joe Hart of Pea Ridge, Arkansas, who passed away on May 23 at the age of 93. Colonel Joe was known for many things. He was a decorated World War II hero, a B-17 pilot, a POW, a participant in January 1945's infamous Death March, a Purple Heart recipient, a test pilot for Boeing, a patent holder, and the author of a book, "The Hart Dietary Procedure." He was a father and grandfather, a local radio commentator, and a frequent caller to my office.

Colonel Joe was not shy about his strong opinions, and his many visits to

my Rogers office to share them were always welcomed by my staff. We—and the undoubtedly many others Colonel Joe touched throughout his long life—will certainly miss his presence.

My thoughts and prayers are with your family and friends. Rest in peace, Colonel Joe. We will miss you.

HONORING MR. JUDE HARRINGTON

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to honor Mr. Jude Harrington, supervisory park ranger at the U.S. Army Corps of Engineers Raystown Lake, located in Huntingdon County of the Pennsylvania Fifth Congressional District.

Mr. Harrington has been recognized as the recipient of the 2014 American Recreation Coalition's Legends Award.

For the past 30 years, Mr. Harrington's efforts have significantly contributed to the improvement of visitor recreational experiences and the enhancement of environmental, social, health, and economic benefits for people of all ages and backgrounds.

Jude's leadership helped to make Raystown Lake a national tourism destination through facility upgrades, coordination of widely publicized special events, and a strong partnership program.

Jude is a founding member of the Friends of Raystown Lake and a long-time adviser, which has led to more than \$1.7 million in partnership contributions.

Mr. Speaker, without Mr. Harrington's high standards, customers and the surrounding community would not have such high quality camping facilities, roadways, trails, boat launches, and beaches to enjoy. He is a true professional, leader, and team member.

Congratulations, Jude, for your commitment to excellence as the 2014 Legends Award winner.

ER VISITS INCREASING AS A RESULT OF THE ACA

(Mr. BURGESS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURGESS. Mr. Speaker, imagine you have a medical emergency, you show up at the emergency department of your hospital, and you are treated in the waiting room. That is exactly what is happening in hospitals all over America. Overcrowding has become a reality.

A recent report by the American College of Emergency Medicine showed that more than half of all ER doctors have reported this trend. It is ironic that the main pillar of the Affordable Care Act, which was an increase in patients' access to care, is exactly the opposite of what is happening.

We are having a hearing on Thursday in the Energy and Commerce Subcommittee on Health. I am looking forward to it. We will discuss the impact of the President's health care law on access to health care.

It is my sincere hope that the administration is cooperative and forthcoming as we investigate yet another aspect of the Affordable Care Act that instead of helping is hurting patients, doctors, and hospitals and putting a strain on our system.
